1. INTEGRITY PLEDGE & LEARNING INTENT

By submitting this file, I certify that the work in this
assignment is my own original work. I understand that I am
fully responsible for all content, code, and explanations
submitted. I have documented all sources of assistance,
including human collaborators, traditional resources, and
Generative AI tools.

INTENT PLEDGE: Before starting this assignment, my intention
for using (or not using) AI tools to support my learning was:
[ ] I plan to use GenAI as an interactive tutor/study aid.
[ ] I plan to use GenAI only for debugging or syntax help.
[X] I do not plan to use GenAI for this assignment.

State briefly how you intended GenAI to support your learning:

When I run into errors, I usually Google them to see how I should
proceed.
Which now has imbedded AI.
Other than that, I generally avoid AI usage.

Failure to disclose the actual use of GenAI tools constitutes a
breach of academic integrity and will be handled under Academic
Misconduct procedures.
